

# Reaching Across Ministries (RAM)

## Assisting and supporting pastors in their mission of making disciples

Mexico pastors

Panama indigenous pastors

US border pastors

### What kind of ministry is RAM?

RAM is a non-denominational Bible based ministry serving churches, mostly in Spanish speaking communities. It focuses on offering:

- Training material to assist pastors with topics such as neighborhood evangelism, church structure, and fulfilling the call of the great commission to go and make disciples.

### How is the assistance provided?

- Training is delivered at meetings with groups of pastors, and later, individual follow-up meetings take place to better meet the needs of each pastor.
- All of the material is edited in Spanish and is culturally adaptable.

### How is the ministry financially sustained?

Support comes from individuals, churches and private foundations that have an interest in assisting pastors that have not had a formal theological education.

### Geographical areas of operation:

Panama and the US / Mexico border.

### How can you help?

After reviewing this information, if you have any related questions or know of pastors that could benefit from this service, please contact RAM.

Presentations are also made to congregations to assist church leaders.

## How it all started

After helping the pastor on a hot and sunny day prepare for a worship service, we had no idea how many would come but in the end, the Lord gathered them. One by one they arrived, and a wonderful message was delivered by the pastor on fire for the Lord and in love with his community. As a result, people heard the plan of salvation, and many surrendered to the Lord, a wonderful work He did before our own very eyes! After this experience, we became convicted that the most effective way to minister in these communities was to help empower the local “multiplier”, the pastor, who really knew his community. Eventually, this resulted in the creation of a series of discipleship training workshops for groups of pastors serving in small communities.

Assistance has been provided since 1996 and the opportunities to serve continue to grow. We believe the Lord had it all planned.

***“for you have done wonderful things, plans formed of old, faithful and sure.”*** (Isaiah 25:1)

### Initial discipleship training material provided.

- Study Bible, traditional Reina-Valera 1960
- Modern Translation discipleship Bible
- Study manual series: *The Journey of the Disciple* and *The Journey of the Pastor*.

### Established church “watering” projects.

The churches that are assisted offer great opportunities for other outside churches to come and help them through traditional mission projects. If you represent one of these outside churches or if you would like personally to become involved assisting RAM, please contact the ministry.

### Impact of the ministry work in communities.

The impact has been 1) bringing more people to know Christ as their savior, and 2) improving the condition of local neighborhoods as families receive more faith based assistance through the local church.

Reaching Across Ministries
